SINGLE-BAND P25 PORTABLE TWO-WAY RADIO

SIMPLE. RELIABLE. SECURE

Staying connected and being able to collaborate, whenever, wherever, is a prerequisite for mobile workers.

Our APX N50 is a slim yet rugged pick-up-and-go radio that's designed to give first responders, public-safety support and administrative staff secure communications that they can rely on in the field to stay organized and effectively respond to whatever the day throws at them.

Remarkably small and sleek and tough enough for all day use in harsh environments. ViQi Basic Voice Control, large controls and display make it simple to use on the go. This is a radio that optimizes speed and space. Whatever the environment, users can hear and be heard with loud and clear audio. Advanced microphones and exclusive speaker design combined with leading APX audio algorithms automatically filter background noise and adjust volume levels to the environment, keeping hands free and focus optimized.

The APX N50 works reliably across a variety of frequencies, modes and protocols. It connects seamlessly with accessories and other devices via Bluetooth® or Wi-Fi, and can even switch between radio coverage and Wi-Fi with SmartConnect. Hardware encryption algorithms, batch radio programming tools, and a portfolio of services and tech support keep communications secure and ensure devices always have the latest features.
